DECLARATION UNDER §1.132 OF KENNETH SMITH, JR.

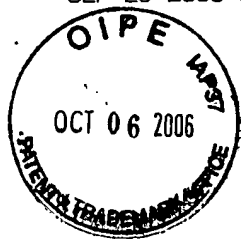

Dear Sir:

In connection with the application identified in the caption above, I hereby declare as follows:

1. My name is Kenneth Smith, Jr.. I am vice president of field operations for P.J. Smith Electrical Contractors Incorporated, located at 3651 State Rt. 23, Hamburg, NJ. I have been in the electrical contracting business for 21 years.
2. Michael Albanese supplied me with a case of electrically insulating "line-tape" having two colored wavy lines along the entire length of the outside surface. I had my employees use the tape in the field and report back to me. Each employee reported that the tape is a great improvement over existing tapes because the end can be easily found on the roll. More importantly, they were more easily able to locate the end of the tape on a splice or other connection, unwind the tape, and redo the connection. I have personally noticed several occasions where the ability to find the end of the tape on a connection is a real benefit, saving us time and money. I am hoping Mr. Albanese has additional inventory because I want to order more.
3. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Kenneth Smith, Jr.

DECLARATION UNDER §1.132 OF ROBERT IOVINO

Dear Sir:

In connection with the application identified in the caption above, I hereby declare as follows:

1. My name is Robert Iovino. I am operations manager of Iovino Electrical Contracting Company, Inc., located at 365 Fairview Ave., Fairview, NJ. I have been in the electrical contracting business for 7 years.
2. Michael Albanese supplied me with a case of electrically insulating tape having two colored wavy lines along the entire length of the outside surface. I had my employees use the tape and report back to me. Each employee reported that the tape is a great improvement over existing tapes because the end can be easily found on the roll. More importantly, they were more easily able to locate the end of the tape on a splice or other connection, unwind the tape, and redo the connection. The ability to find the end of the tape on a connection is a real benefit. I am hoping Mr. Albanese has additional inventory because I want to order more cases.
3. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Robert Iovino

DECLARATION UNDER §1.132 OF MIKE RUTIGLIANO

Dear Sir:

In connection with the application identified in the caption above, I hereby declare as follows:

1. My name is Mike Rutigliano. I am the owner of the Just-A-Buck Dollar Store located at 43 Wanaque Ave., Pompton Lakes, NJ. I have been in this business for 11 years.
2. Michael Albanese supplied me with a case of electrically insulating tape having two colored wavy lines along the entire length of the outside surface. A preliminary test selling the tape in my store has been very successful. Everyone who purchased the tape returned with the same response, telling me they loved it, they want to order more, and asking whether I sell tapes for other uses with the same markings. I very much like using the tape myself because it saves me time and I do not have to use as much tape. I am hoping Mr. Albanese has additional inventory because I want to order more cases.
3. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Mike Rutigliano

DECLARATION UNDER §1.132 OF JOHN STANI, JR.

Dear Sir:

In connection with the application identified in the caption above, I hereby declare as follows:

1. My name is John Stani, Jr. I am the owner of Advanced Vacuum Company, 49 Bloomfield Ave., Bloomfield, NJ. I have been in this business for 11 years.
2. Michael Albanese supplied me with a case of electrically insulating tape having two colored wavy lines along the entire length of the outside surface. I have been using the sample rolls of tape for electrical connections and splices during the installation and maintenance of vacuum systems. The ability to find the end of the tape on a connection is a real benefit. The tape makes my work easier, and I use it every day. I am hoping Mr. Albanese has additional inventory because I want to order more cases.
3. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

John Stani, Jr.
